

State of the art soft-close.

Silentia+ allows a perfect and constant closing of the door in any temperature, use and application.

The innovative soft-close technology guarantees excellent performances to the complete range of hinges. Silentia+ includes numerous technological elements in the required spaces and maintains the aesthetics of all hinges.

Silentia+ Features and Benefits

- Integrated soft close by means of twin fluid dampers
- Adjustment switch to set a comfortable soft close action
- Impervious to temperature extremes
- Very smooth opening with minimal resistance
- Patented compensating parallel side adjustment
- Available in the 100 Series, 200 Series , 700 Series, N Series, Euro and Faceframe
- Available in all Salice fixing types (Screw, Dowel, Rapido, Logica)
- Available in Nickel or Titanium finish
- Exceeds ANSI/BHMA standards A156.9-2020
- Limited Lifetime Warranty
- Made in Italy

Silentia+

Integrated soft-close technology with two fluid dampers.

The two integrated dampers guarantee an exceptional consistency of the decelerating strength providing a perfect closing to any kind of door, size and application.

Always-optimal soft-close action

Silentia+ is also equipped with the innovative switch to adjust the soft close action.

The activation of this switch allows, even with special door sizes, to obtain the ideal decelerating speed to any kind of door regardless of size or application.

With the adjustment switch set, showing the +, the soft close engages at 30'.

With the adjustment switch set, showing the -, the soft close engages at 10'.
