

## Slider L70 Flex

**Slider L70 Flex** is the coplanar system for cabinets with doors weighing up to 70 kg designed to be cut to measure. Thanks to the exclusive patented design of the Slider series, door movement and cushioned opening and closing are intuitive, smooth and silent.

**Slider L70 Flex** also offers extreme flexibility: the length of mechanism can be adjusted to fit any cabinet by simply cutting the track as required.

**Slider L70 Flex** is the new addition to the coplanar range and, with just a small range of components, it confers the freedom to tailor the mechanism to suit any piece of furniture to perfection.

## Slider L70 Flex

### Technical information

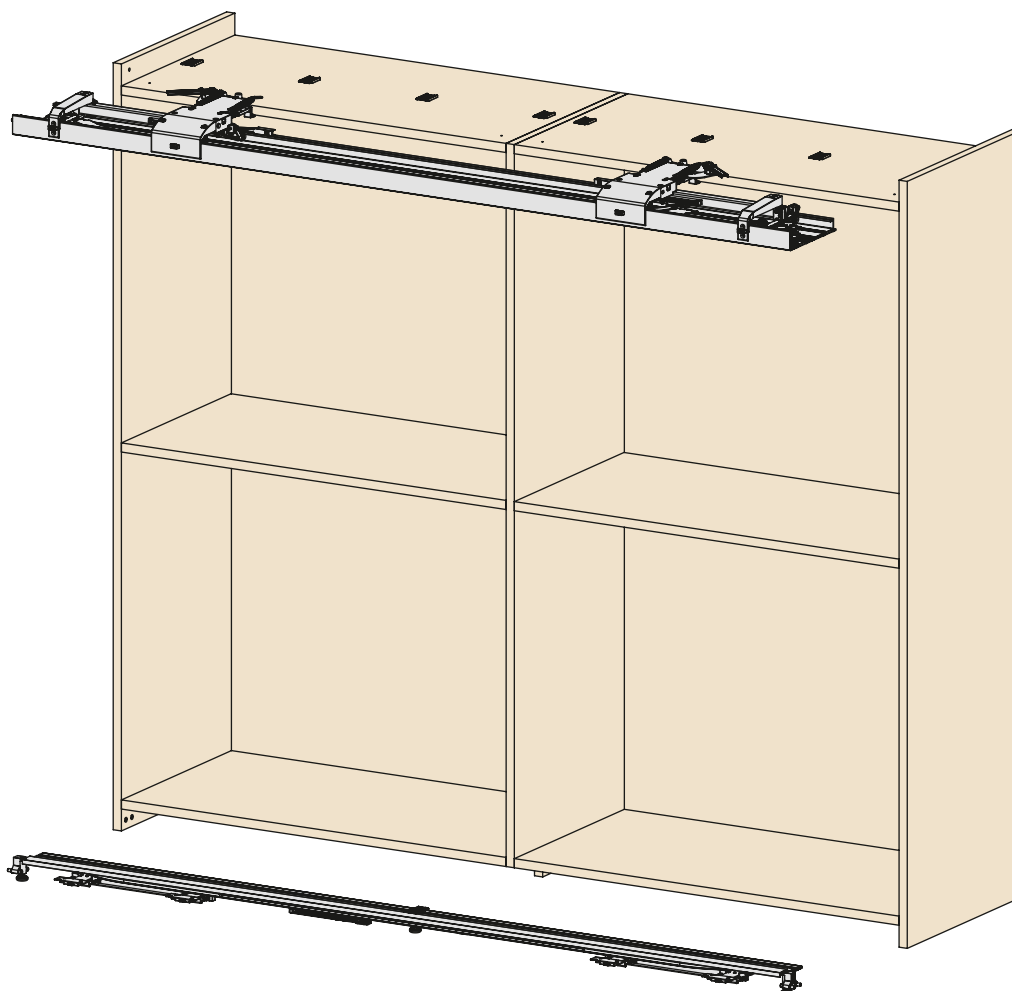

Coplanar two-door cushioned sliding system  
with customisable track length  
- capacity 70 kg per door.

#### Door dimensions:
