

F70 - CANADA

Setting a new standard for concealed undermount drawer slides

F70, the concealed, undermount drawer slide, comes with a 70 kg Dynamic load rating and an impressive 78 kg Static Load Rating.

It exceeds Ansi 156.9-2020 Grade 1 but, unlike similar products, the price range makes it practical for every drawer in the house and not just the oversized applications.

F70 boasts a full-extension, perfectly synchronized movement, a fluid dampening device and an integrated handle-less opening mechanism in the Push™ version.

It is available in the full range of lengths from 350 mm to 750 mm in 50 mm increments.

F70 is equipped with direct and intuitive tool-free adjustment of side, depth, height and tilt of the drawer front.

From pots and pans drawers to powder rooms, from garage cabinets to silverware drawers, F70 represents an ideal and versatile solution to all needs.
