

Conecta

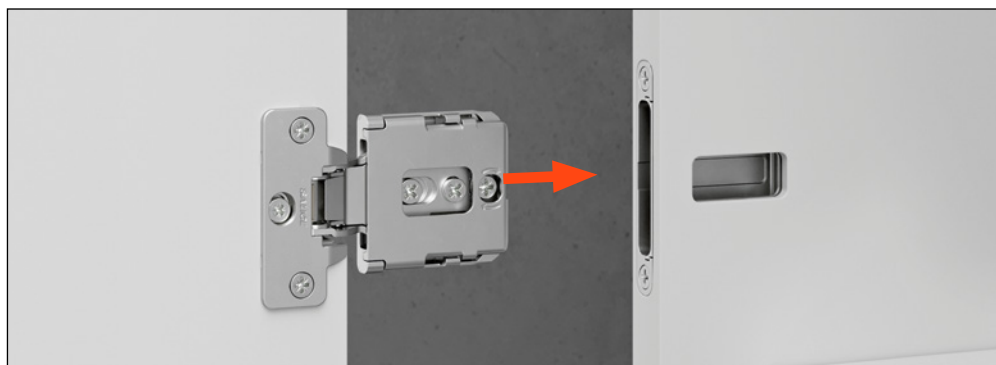

Montagem • Aplicação simples com estruturas independentes, base DQG3B

Montar a base na lateral
fixando-as com os parafusos para
madeira

Inserir completamente a dobradiça na
base

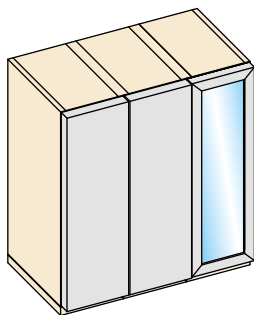

Uma vez inserida completamente,
fixe a dobradiça através do
excêntrico posterior

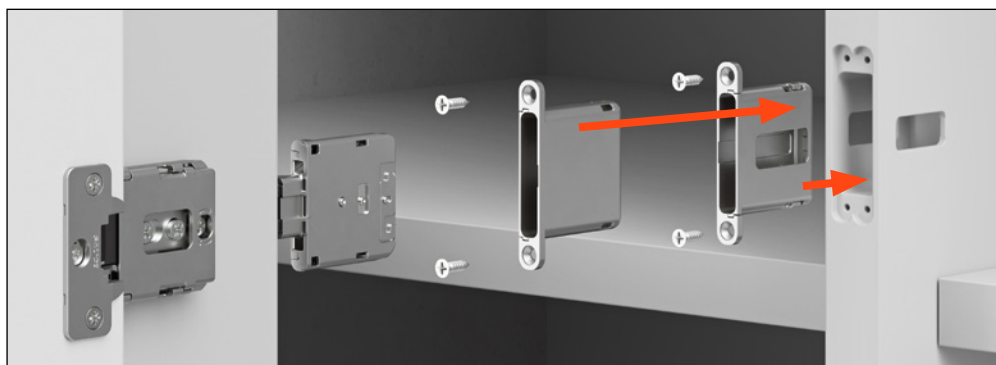

Aplicar as placas cobre flange
e cobre parafusos

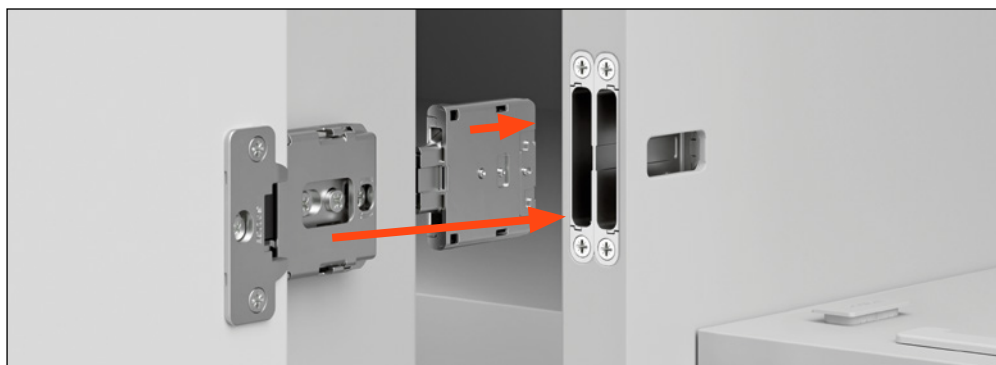

Aplicação com lateral dupla, base DQG3B

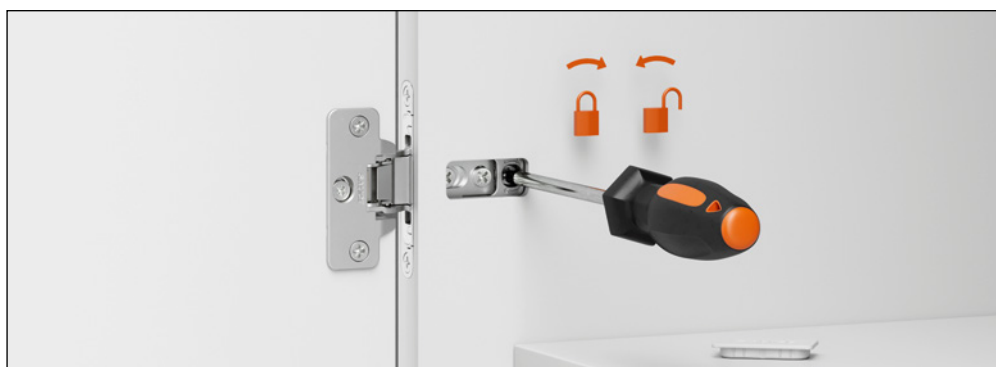

Montar as bases na lateral
fixando-os com os parafusos para
madeira

Inserir completamente as dobradiças
nas bases

Uma vez inseridas completamente,
fixe as dobradiças através do excêntrico
posterior

Aplicar as placas cobre parafusos
e cobre flange
