

Conecta

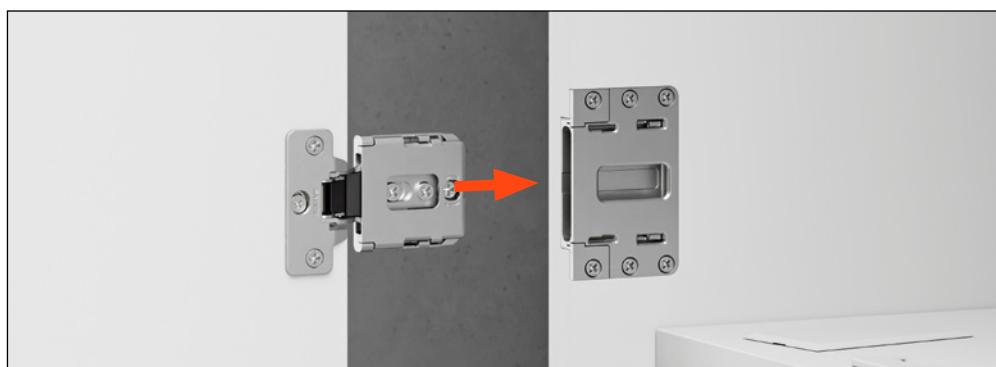

Montagem • Aplicação simples com estruturas independentes, base DQG5B

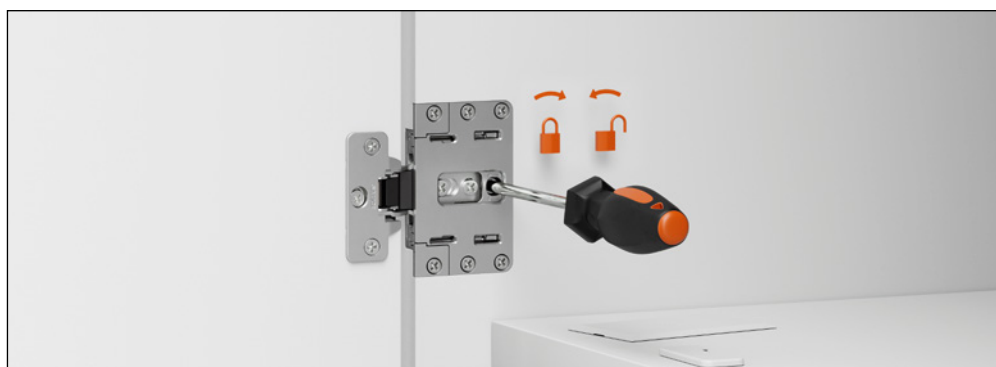

Montar a base na lateral utilizando os parafusos Euro

Inserir a dobradiça na base

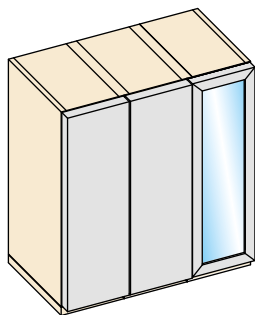

Fixar a dobradiça através do excêntrico posterior

Aplicar as placas cobre flange e cobre parafusos

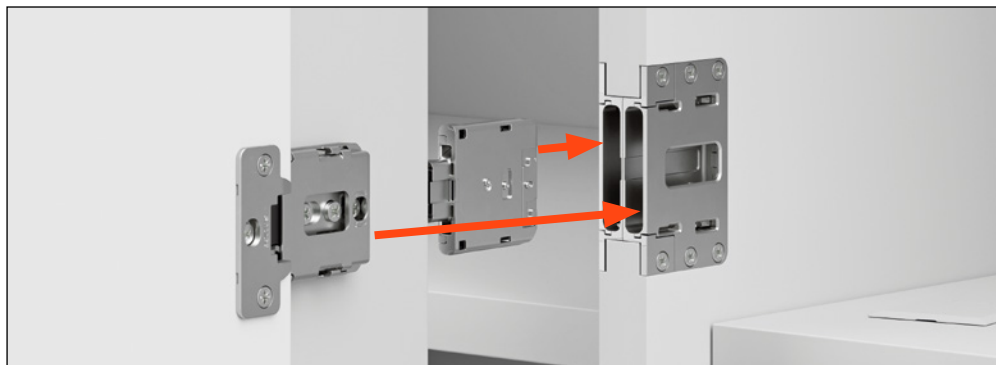

Aplicação com lateral dupla, base DQG5B

Montar as bases na lateral utilizando os parafusos de união

Inserir completamente as dobradiças nas bases

Uma vez inseridas completamente, fixe as dobradiças através do excêntrico posterior.

Aplicar as placas cobre flange e cobre parafusos
