Store, Hang, Protect, Contain, Pull-out. The Salice Accessories Collection provides elegant and highly desirable enhancements to everything that wardrobes are used for, with an almost infinite variety of beautiful products that can be customised to suit your own individual taste and needs.

Exquisitely designed gloveboxes, coat hangers, trays and much more, breathe new life into bedroom design by transforming simple storage - ingeniously optimising space with stunning interior design possibilities.

The drawers and the illuminated shelves, symbolic of a refined, elegant and rigorous minimalism, are the perfect combination of technological development and aesthetics, enabling what is stored inside the wardrobe to stand out. A tasteful palette of colours and a range of surface textures ensure both the freedom to personalise the selection of accessories and their perfect compatibility with wardrobes of any design and material.
Beautifully-proportioned glovebox trays which can accommodate a selection of storage elements for items that require special care and attention.

In particular, the collection includes watch-holder trays, spectacle holders, ring holders, earring holders, made of imitation or genuine leather, available in various colours and dimensions, according to individual aesthetic and functional requirements.

Like the gloveboxes, the drawer bottoms with three dividers, made of imitation leather, can be also used to store ties, scarves or belts.
Purpose-made holders for wristwatches, rings and earrings fit perfectly within elegant 3 mm-thick drawer inserts, available in wenge or walnut finishes.

The inserts can also be placed on drawer bottoms, made of imitation leather, thus creating a precious and highly aesthetic drawer, able to embellish all the stored items.
A multiplicity of options to hang clothes and accessories neatly and to keep them looking their best. Hangers, cloth and bag hangers, scarf, tie and belt holders made of wenge-dyed beech wood can be now fully personalised with precious inserts or leather supports with many possible combinations.

In the same way, even the most functional items, such as hanger rods can be equipped with a leather sleeve.

Details always make the difference. The collection also boasts an extractable or rotating coat hanging hook which, when fixed to the shelf, offers an additional handy support when needed.
Accessories which protect clothes and keep them with elegance inside the wardrobe. The fabric holder bags, height adjustable and provided with pleats to easily contain bulky items of clothing, are made of 100% cotton and available in various colours.

The elegant coat-holder bags can be folded with buttons made of wenge-dyed olive wood.
contain
Boxes and trays for clothing or other items, covered with elegant fabric, enable the internal space to be organised and enriched with tones and colours.

Several dimensions and multiple finishes to select, both boxes and trays can be embellished with a tab and/or a front label made of imitation leather.
The drawers too, available in different versions and heights, play a central role in the Excessories collection.

4-sides aluminium drawers, characterized by elegant shapes and a futuristic style, come with bottoms made of wood, glass or imitation leather.

A classic synthesis of technological development and design, they stand out for the elegance of the profiles, oozing perfect aesthetics and smooth and sinuous shapes, also enabling, from a functional point of view, the easy cleaning of the drawer bottom.
3-sided aluminium drawers with wooden frontal are also available.

Thanks to an easy and quick assembly and a clean and refined aesthetics, the drawers are perfectly compatible with wardrobes of any design and material.
No technical element is visible.
The drawers with glass frontals make the wardrobe even more elegant and desirable.

The drawers are unique and highly distinctive thanks to their faultless design, the attention to details and their sophisticated working, especially between the side and the frontal.
Different accessories for drawers are also included in the collection: trousers hangers, wired or metal shoe racks and bed linen storage compartments made of quilted fabric.

The Excessories collection is the answer to any possible applications, always offering the best solution. The side spacers, for example, used in case of wardrobes with double or sliding doors, allow the perfect pulling out of the drawer, without hitting the doors of the wardrobe.
shelves
Nowadays the light plays a vital role in walk-in wardrobes. The illuminated shelves of the collection bring clothes and accessories to life; the wardrobe lights up and animates all the stored items.

The lighting system is perfectly hidden and the shelf bottoms, made of glass, amplify even more the brightness and the luminance.

The hanger rail, and the special refined working of its supports, complete and embellish the product design.

FINISHES

The boxes in the collection and their numerous finishes allow multiple combinations and a total personalisation.

Perfectly compatible with wardrobes of any design and material, the bottoms and the tops of the boxes can be freely matched.

Some suggestions for possible combinations
Excessories - pull-out - technical information

### 4-SIDED drawer

For wooden frontal, 12 mm thick

- Width: 350/378/390/390/397 mm
- Runner length (LN) mm: 450/478/490/490/497 mm
- Drawer depth (P) mm: 10,5/12/6/6/12

For glass frontal, 6 mm thick + profile, 6 mm thick

- Width: 350/378/390/390/397 mm
- Runner length (LN) mm: 450/478/490/490/497 mm
- Drawer depth (P) mm: 10,5/12/6/6/12

### 3-SIDED drawer

- For wooden frontal, 19 mm thick
- Width: 350/400 = 160 mm
- Runner length (LN) mm: 450/500 = 256 mm
- Drawer depth (P) mm: 10,5
- P:

- For glass frontal, 6 mm thick + profile, 13 mm thick
- Width: 350/400 = 160 mm
- Runner length (LN) mm: 450/500 = 256 mm
- Drawer depth (P) mm: 10,5
- P:

**Excessories - pull-out - technical information**

**Assembly**
1. Place the drawer on the runners and close it
2. The flexibility of the fixing system enables the clips to engage
3. Fix the device that prevents the shelf from overturning
4. Locate the rear hooks

**Disassembly**
1. Open the drawer
2. Press down the lever indicated here below and pull out the drawer

**Excessories - pull-out - adjustments**

**Depth adjustment +2 -2 mm**
Rotate the wheel towards the front of the drawer to increase the gap between the front and the side.
Rotate the wheel towards the back of the drawer to reduce the gap between the front and the side.
This operation is tool free.

**Height adjustment + 5 mm**
Rotate the lever towards the front of the drawer for the height adjustment.
This operation is tool free.
**Excessories - pull-out - assembly instructions**

**WOODEN FRONTAL**

1. Screw the first cap to the frontal
2. Screw the connecting elements to the frontal
3. Insert and slide the front profile on the connecting elements
4. Screw the second cap to the frontal
5. Insert the caps in both sides
6. Fix the frontal to the drawer

**GLASS FRONTAL**

1. Screw the caps to the front profile
2. Remove the protective film from the adhesive tape that is pre-glued to the profile
3. Glue the glass frontal to the profile
4. Frontal glued
5. Insert the caps in both sides
6. Fix the frontal to the drawer
Excessories - pull-out - 3-sided drawer H 52 - for wooden frontal

Aluminium 3-sided drawer H 52
WOODEN FRONTAL H 75
- Profile height: 92 mm
- Max. drawer width: 1500 mm
- Material: aluminium coated with epoxy-based powder
- Finish: metal grey brown
- Equipped with full-extension Futura runners
- Integrated height and depth adjustments
- Equipped with anti-tipping device
- The drawers are supplied assembled complete with the gasket needed to hold in place the drawer bottom and accessories
- Frontal and bottom not included
- Bottom can be made of wood or glass

Kit for the frontal fixing (to be ordered separately)
1. 6,3x14 mm TPSV Euro screws
2. Fixing caps
3. Aluminium profile
4. Connecting elements

**Excessories - pull-out - wired shoe rack for drawer**

**Shoe rack for drawer**
- Shoe rack material: aluminium coated with epoxy-based powder
- Finish: metal grey brown
- Max. width: 1200 mm
- Made in a single piece to suit drawer size
- Easy to install, it requires no fixing
- It holds two rows of shoes

**4-sided drawer**

LV = cabinet width
Excessories - pull-out - metal shoe rack for drawer

Shoe rack for drawer
- Shoe rack material: coated perforated metal sheet
- Finish: metal grey brown
- Max. width: 1500 mm
- Made in two pieces
- Easy to install, it requires no fixing
- It holds two rows of shoes
- It can be upgraded with 2 imitation leather base inserts

Excessories - pull-out - drawers alignment

With the same side drilling, 4-sided drawers are not frontally aligned with 3-sided drawers with wooden frontal (19 mm thickness) and with 3-sided drawers with glass frontal (6 mm thickness + 13 mm profile thickness), as illustrated below.

4-SIDED DRAWER

4-SIDED DRAWER

3-SIDED DRAWER FOR WOODEN FRONTAL

3-SIDED DRAWER FOR WOODEN FRONTAL

3-SIDED DRAWER FOR GLASS FRONTAL

3-SIDED DRAWER FOR GLASS FRONTAL

Fixing 4-SIDED DRAWERS

It is recommended that the runners are fixed to the cabinet using the upper holes

Fixing 3-SIDED DRAWERS

It is recommended that the runners are fixed to the cabinet using the lower holes
The spacers enable the drawer to be fully opened without impendence from hinged or sliding doors. They feature an innovative quick-fixing device which ensures that the runners are correctly and accurately installed.

1. Insert the runner into the spacer
2. Fix the runner to the spacer using the screws provided
3. Screw-fix the spacer supports to the cabinet side
4. Position the spacer onto the supports
5. Slide the spacer backwards to locate the supports in their keyhole recesses
6. Secure the spacer in position using the front fixing screw
7. Insert the end caps
8. Install the drawer onto the runners
**Excessories - shelves - aluminium frame**

- Profile height: 36 mm
- Material: aluminium coated with epoxy-based powder
- Finish: metal grey brown
- Max. width: 1500 mm
- Fixing: side fixed with slide and lock device
- Complete with gasket to hold glass inlay in position
- Glass not supplied
- Can be supplied with 2700K/4000K Dual color, 24V integral LED light and with supports for clothes hanging rails
- Custom made to order by specifying width (L) and depth (P)
- Consumption: 13W/M

**Shelf with aluminium frame**

- Profile height: 36 mm
- Material: aluminium coated with epoxy-based powder
- Finish: metal grey brown
- Max. width: 1500 mm
- Fixing: side fixed with slide and lock device
- Complete with gasket to hold glass inlay in position
- Glass not supplied
- Can be supplied with 2700K/4000K Dual color, 24V integral LED light and with supports for clothes hanging rails
- Custom made to order by specifying width (L) and depth (P)
- Consumption: 13W/M

**Excessories - shelves - hanger rail for clothes and rail-holder supports**

- Hanger rail material: aluminium, coated with epoxy-based powder, section 15x30 mm
- Supports material: die-cast, coated with epoxy-based powder
- Finish: metal grey brown
- Max. recommended load capacity:
  - up to 1200 mm width: 30 Kg
  - from 1201 mm to 1500 mm width: 15 Kg
- Packing: 20 pieces per box
- Custom-length hanger rail available when ordering more than 20 pieces

**Access hole for electric cable**
- Side profiles
- Front profile with LED
- Front profile without LED

**Electric cable outlet**
- Side profiles
- Front profile with LED
- Front profile without LED

**Excessories - shelves - hanger rail for clothes and rail-holder supports**

- Screw fix the adapters to the shelf
- Insert the hanger rail into the rail-holders
- Screw fix the rail-holders to the adapters

**Hanger rail length = Shelf width - 84 mm**
