Store

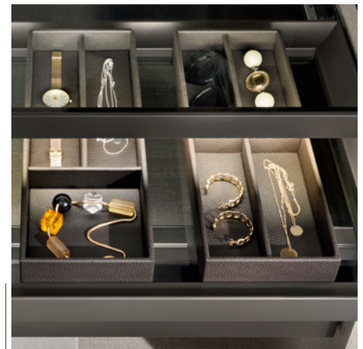

Beautifully-proportioned glovebox trays which can accommodate a selection of storage elements for items that require special care and attention.

In particular, the collection includes watch-holder trays, spectacle holders, ring holders, earring holders, made of imitation or genuine leather, available in various colors and dimensions, according to individual aesthetic and functional requirements.

Like the gloveboxes, the drawer bottoms with three dividers, made of imitation leather, can be also used to store ties, scarves or belts.

Purpose-made holders for wristwatches, rings and earrings fit perfectly within elegant 3 mm-thick drawer inserts, available in wenge or walnut finishes.

The inserts can also be placed on drawer bottoms, made of imitation leather, thus creating a precious and highly aesthetic drawer, able to embellish all the stored items.

Hang

Details always make the difference.
The collection also boasts an extractable or rotating coat hanging hook which, when fixed to the shelf, offers an additional handy support when needed.

A multiplicity of options to hang clothes and accessories neatly and to keep them looking their best.
Hangers, cloth and bag hangers, scarf, tie and belt holders made of wenge-dyed beech wood can be now fully personalized with precious inserts or leather supports with many possible combinations.

In the same way, even the most functional items, such as hanger rods can be equipped with a leather sleeve.

Pull-out

The drawers too, available in different versions and heights, play a central role in the Excessories collection.

4-sides aluminum drawers, characterized by elegant shapes and a futuristic style, come with bottoms made of wood, glass or imitation leather.

A classic synthesis of technological development and design, they stand out for the elegance of the profiles, oozing perfect aesthetics and smooth and sinuous shapes, also enabling, from a functional point of view, the easy cleaning of the drawer bottom.

3-sided aluminum drawers with wood front are also available.

Thanks to an easy and quick assembly and a clean and refined aesthetics, the drawers are perfectly compatible with wardrobes of any design and material.
No technical element is visible.

The drawers with glass fronts make the wardrobe even more elegant and desirable.

The drawers are unique and highly distinctive thanks to their faultless design, the attention to details and their sophisticated working, especially between the side and the front.

A range of accessories for drawers is also included in the collection: trouser and skirt hangers, shoe racks in mesh or sheet metal and bed linen storage compartments made of quilted fabric.

The Excessories collection is the answer to any possible applications, always offering the best solution.
The side spacers, for example, used in case of wardrobes with double or sliding doors, allow the perfect pulling out of the drawer, without hitting the doors of the wardrobe.

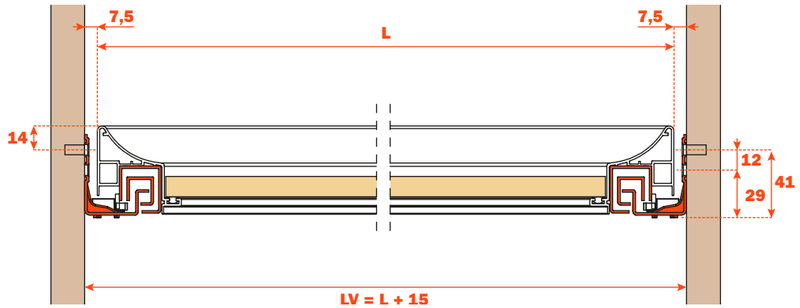

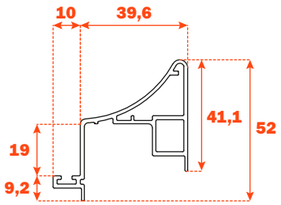

Excessories - drawers - 3-sided drawer H 52 - for wood front

Aluminum 3-sided drawer H 52
WOOD FRONT H 75

Special order

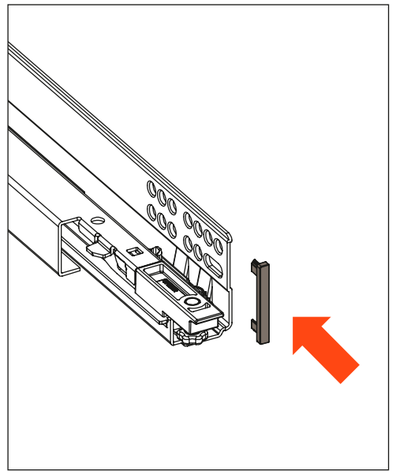

Excessories - drawers - cover for runner

YE80FXGA00733B = Pair of covers for Futura runners, length 470 mm

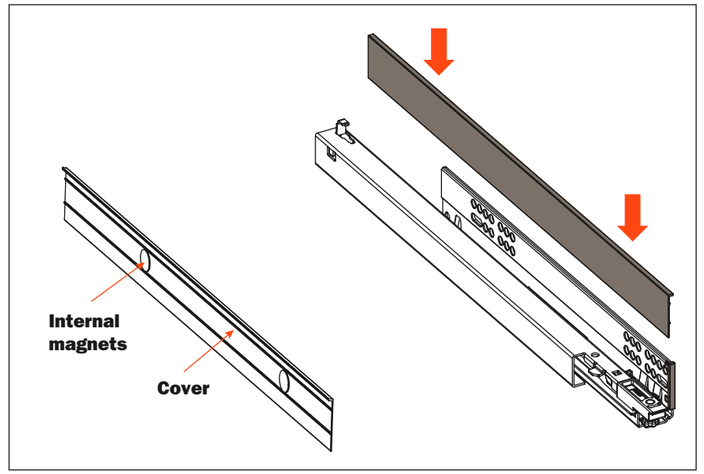

Cover for runner
- Cover material: epoxy-coated aluminum, with magnets to fix the runner
- End cap material: plastic
- Finish: metal grey brown
- Assembly with magnet

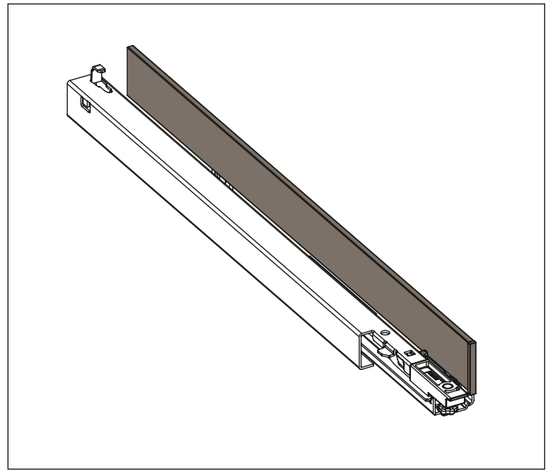

1. Insert the end cap into the runner

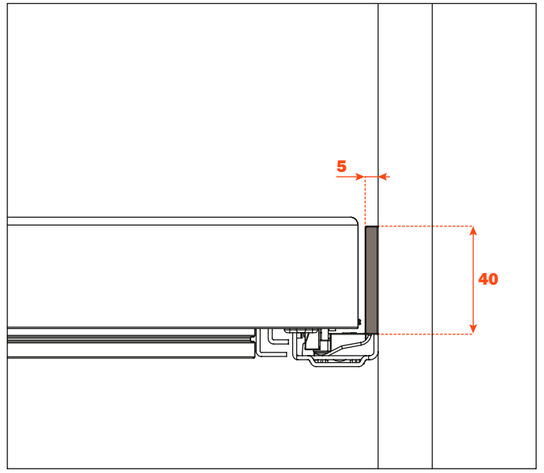

2. Fix the cover to the runner

3. Cover in place

4. Space required

Shelves

Nowadays the light plays a vital role in walk-in wardrobes.
The illuminated shelves of the collection bring clothes and accessories to life; the wardrobe lights up and animates all the stored items.

The lighting system is perfectly hidden and the shelf bottoms, made of glass, amplify even more the brightness and the luminance.

The hanger rail, and the special refined working of its supports, complete and embellish the product design.

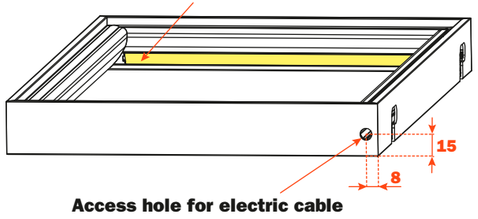

Excessories - shelves - aluminum frame H 36 mm

Shelf with aluminum frame

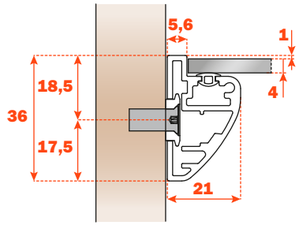

- Profile height: 36 mm
- Material: epoxy-coated aluminum
- Finish: metal grey brown
- Fixing: side fixed with slide and lock device
